Ghost Hunter's Guide to the San Francisco Bay Area - Jeff Dever 2011-10-17 This new edition of the ultimate guide to haunted places in the Bay Area highlights more than 180 haunted properties in and around San Francisco, all accessible to the public. Featured sights include the Queen Anne Hotel, one of the most haunted buildings in the area; the Atherton House; Cameron House in Channel; and, of course, Alcatraz Prison. With advice on what to do with a ghost, what to do after the ghost hunt, and other telekinetic tidbits, this guide encourages travelers to be attentive and imaginative, willing them to take that extra spirit-sighting step.

A Time of Little Choice - Randall Millican 1995

Cruising Guide to San Francisco Bay - Bob Mahley 2016-01-10 Cruising sailors around the world know that San Francisco Bay is an excellent cruising area, but few know of the multitude of destinations available here. Within a few hours' sail of each other are the gorgeous city front and the often sunny San Mateo Island, Sausalito and sleepy Petaluma, accessible South Beach Harbor and remote China Camp. In this updated version of The Cruising Guide to San Francisco Bay, sailors can learn the locations of all the open anchorage and marinas in and around San Francisco, from as far south as Half Moon Bay to Bodega Bay to the north. This newly revised edition includes all new charts and photographs, the photographs taken from shore, from our boat, and from our friend and fellow sailor Jack Wigmans's airplane to make it easier for Bay Area boaters to visualize the anchorage and marinas as they explore this amazing area. This new edition is the result of our having researched each destination thoroughly to be certain the information included herein is up-to-date. This latest edition is also easier to use than ever before because the images and most of the charts are in color. Even most long-time San Francisco Bay sailors will find something fresh in this comprehensive revised edition of Cruising Guide to San Francisco Bay.

Trees of the San Francisco Bay Area - Quick Reference Publishing 2019-11

San Francisco Bay Area Nature Guide and Saijiki - Patrick Gallagher 2010 A satori combines elements of a naturalist and a haiku poet. Beautiful photographs and art accompany discussions of seasonal occurrences of natural phenomena and human activities in the San Francisco Bay Area. Each element is accompanied by haiku that evoke an emotional or spiritual aspect of the human interaction with the natural world.

Lonely Planet Pocket San Francisco - Lonely Planet 2019-12-01 Lonely Planet's Pocket San Francisco is your up-to-date advice on what to see and skip, and what hidden discoveries await you. Watch fog creep beneath the Golden Gate Bridge, ride a cable car past stately Victorian houses, and taste Californian cuisine at the Ferry Building—all with your trusted travel companion.

San Francisco Bay Shoreline Guide - Rasa Garutis 2012-08-31 "The San Francisco Bay Shoreline Guide takes us walking and cycling journey around San Francisco Bay, unfurling the wonder, drama and beauty of one of the greatest estuaries of the world." – Robert Redford "From the bustling waterfronts of our cities and towns, to our wild, windswept, and thankfully, protected natural wetlands, this is our fantastic guide to all of the magnificence of San Francisco Bay. Crisp it up and go world-class journeys in our own backyard. I'll see you along the way!" – Russell Train, Founder of the San Francisco Bay Conservation and Development Commission. "I have a deep appreciation of San Francisco Bay." – Sylvia McLaughlin, co-founder of Save the Bay Praise from the previous edition "There are absorbing stories here for the armchair reader and detailed guides for the active observer. Read, enjoy, and cultivate your roots in the region." – Harold Gilliam "Comprehensive and copiously illustrated, this Guide is a treasure-house of friendly information. It reveals the equivalent of a national park hitherto unknown in our midst." – Margot Patterson Dore "This book is a complete guide to the Bay Area. All that's missing are the smells, so perhaps the next edition should be scratch and sniff." – Robin Williams

The End of the Golden Gate - 2001-05-25 Capturing an ever-changing San Francisco, 25 acclaimed writers tell their stories of living in one of the most mesmerizing cities in the world. Over the last few decades, San Francisco has experienced radical changes with the influence of Silicon Valley, tech companies, and more. Countless articles, blogs, and even movies have tried to capture the complex nature of what San Francisco has become, a place millions of people have loved to call home, and yet are compelled to consider leaving. In this beautifully written collection, writers take on this Bay Area- dweller's eternal conflict: Should I stay or should I go? Including an introduction by Gary Kray and essays from San Francisco Bay Area Icons like John Linneman and Sally Rice to current luminaries like Wendy MacNaughton and John Dufresne, this collection brings together both writers from the past and the present to explore the ever-changing San Francisco so captivatingly and how it has changed vastly over time, shaping itself to become something new for each generation of city dwellers. With essays chronicling the impact of the tech-industry invasion and the evolution, gentrification, and radical cost of living that has transformed San Francisco's most beloved neighborhoods, these prescient essays capture the lasting impact of the 1960s counterculture movement, as well as the fight to preserve the art, music, and other creative movements that made that forever the city of love. For anyone considering moving to San Francisco, wishing to relish the magic of the city, or anyone experiencing the impact of the tech-industry invasion, this book provides a unique window into both worlds.

Newcomer's Handbook for Moving to and Living in the San Francisco Bay Area - Scott Van Velsor 2009-10-13 The Newcomer's Handbook for Moving to and Living in the San Francisco Bay Area: Including San Jose, Oakland, Berkeley, and Palo Alto, fourth edition, is extensively updated and revised for 2010. This new edition continues its strong focus on both San Francisco and the entire region, especially Silicon Valley. Of the 180 pages devoted exclusively to discussion of neighborhoods and communities, 50% describe San Francisco neighborhoods and North Bay communities, while 50% focus on the East Bay, Peninsula, and South Bay towns From Santa Rosa to San Francisco to Vallejo, from Walnut Creek to Oakland to Newark, and from San Bruno to San Jose to Los Gatos, this Newcomer's Handbook®, written by Scott van Velsor, provides its readers with the most up-to-date information on housing styles, costs, and trends, redevelopment, and all the other niceties of Bay Area life, including education and childcare, transportation, cultural life, and much more.

San Francisco Bay Area - Doris Weintraub 2010-01-30 Discover the ridge-top view of the San Francisco Bay that inspired the explorer Portugal. You’ll find vistas galore atop the Bay Area’s mountains, ridges, volcanoes, and hills.

Dockweiler Power - Peter Cole 2012-12-20

Making and Unmaking of the San Francisco Bay - Gary C. Howard 2021-04-23 San Francisco Bay is a shallow estuary surrounded by a large popultation center. The forces that built it began with plate tectonics and involved the collision of the Pacific and North American plates and the subduction of the Juan de Fuca plate. Changes in the climate resulting from the last ice age yielded lower and then higher sea levels. Human activity influenced the Bay. Gold mining during the California gold rush sent masses of silt into the Bay. Humans have also built several major cities and filled significant parts of the Bay. This book describes the natural history and evolution of SF Bay Area over the last 50 million years through the present and into the future. Key selling features: Summarizes a complex, geographical, and ecological history Reviews how the San Francisco Bay has changed and will likely change in the future Examines the different roles as a diverse drivers of Bay ecosystems Function Includes the role of humans - both first peoples and modern populations - on the Bay Explores San Francisco Bay as an example of general bay ecological and environmental issues

Counterpoints Anti-Eviction Mapping Project 2020-10 Counterpoints: A San Francisco Bay Area Atlas of Displacement and Resistance brings together cartography, essays, illustrations, poetry, and more in order to depict gentrification and resistance struggles from across the San Francisco Bay Area and act as a roadmap to counter-hegemonic knowledge making and activism. Compiled by the Anti-Eviction Mapping Project, each chapter reflects different frameworks for understanding the Bay Area’s ongoing urban upheaval, including evictions and root shock, indigenous geographies, health and environmental racism, state violence, transportation and infrastructure, migration and relocation, and speculative futures. By weaving these themes together, Counterpoints combines work from within the project with contributions from community partners, from long-time community members who have been fighting multiple waves of racial dispossession, to elementary school youth envisioning decolonial futures.

The Ohlone Way Mahiwine Marghile 1976 describes the culture of Native American inhabitants in the California Bay Area prior to the arrival of Europeans, offering insight into the daily lives, culture and rituals of the Ohlone while tracing their experiences under Spanish, Mexican and American regimes. By the author of The Way We Lived.

Lost Worlds of the San Francisco Bay Area - Sylvia Linsteadt 2017 In this coffee table book of luminous essays accompanied by an army of images, award-winning writer Sylvia Linsteadt brings to life the many microcosms that once flourished in the San Francisco Bay Area. From the farthest reach of the Russian Empire at Fort Ross, to the polyglot multiculturalism of the San Francisco 49ers, to the collision of the Pacific and North American plates and the subduction of the Juan de Fuca plate. Changes in the climate resulting from the last ice age yielded lower and then higher sea levels. Human activity influenced the Bay. Gold mining during the California gold rush sent masses of silt into the Bay. Humans have also built several major cities and filled significant parts of the Bay. This book describes the natural history and evolution of SF Bay Area over the last 50 million years through the present and into the future. Key selling features: Summarizes a complex, geographical, and ecological history Reviews how the San Francisco Bay has changed and will likely change in the future Examines the different roles as a diverse drivers of Bay ecosystems Function Includes the role of humans - both first peoples and modern populations - on the Bay Explores San Francisco Bay as an example of general bay ecological and environmental issues

Golden Gate Gardening - Pam Peirce 2010-01-10 Cruising sailors around the world know that Sausalito, San Francisco's most beloved neighborhoods, those prescient essays capture the lasting impact of the 1960s counterculture movement, as well as the fight to preserve the art, music, and other creative movements that made that forever the city of love. For anyone considering moving to San Francisco, wishing to relish the magic of the city, or anyone experiencing the impact of the tech-industry invasion, this book provides a unique window into both worlds. With helpful icons indicating access to historic sites, trails that are appropriate for children, wheelchair-accessible trails, and trailheads that can be accessed via public transportation, this guide is perfect for inexperienced and experienced hikers alike.
