An old English form of poetry, Shakespearean sonnets (also called blank verse) is a 14-line poem in iambic pentameter. It consists of 3 quatrains and a couplet. The rhyme scheme is abab cdcd efef gg.

Macbeth - Audby's Notes

Shakespeare wrote 154 sonnets, many poems, and 37 plays which have been enjoyed globally. Notably, Shakespeare's "Hamlet" became public record in 1599. Through a pamphlet written by Richard Greene with criticism of Shakespeare's work as an actor as well as a playwright, "Hamlet" was released for the first time. Robert Greene, a playwright, accused him of borrowing from the plays of others. Between 1592 and 1594, plague kept the London theaters closed most of the time. During these years Shakespeare wrote his earliest sonnets and two long narrative poems, "Venus and Adonis" and "The Rape of Lucrece."}

Shakespearean sonnets, unlike blank verse, exhibit a unique structure which is employed in the sonnets of Shakespeare, one of the best-known sonnets in English literature, a sonnet which contains 14 lines of blank verse, each line having 10 syllables and an internal rhyme scheme. The sonnets are divided into 14 lines, with the first two lines setting the theme of the sonnet, and the last two lines providing a conclusion.

The Development of English Literature (Summary)

Shakespeare's sonnets, along with his other works, are considered to be some of the greatest literary works ever written. His plays have been translated into every major living language, and are performed more often than those of any other playwright. Shakespeare's works have been read and studied in schools and universities for centuries. At the age of 50, he
